News

MARINE CORPS BASE HAWAII – How comfortable are you with staying for three consecutive days on 14-foot high scaffolds? For MCB Hawaii Police Officer Marc Rivera, a crime prevention officer at the Provost Marshal's Office, it was no problem, because it meant raising money for a good cause. Last week, Aug. 27 through 29, 2015, Marine Corps Base Hawaii units including PMO and Marine Unmanned Aerial Vehicle Squadron 3, participated in the 14th Annual Cop on Top, a statewide event where military personnel and off-duty law enforcement officers perched 14-feet high on scaffolds placed at multiple locations, to help raise money for the nonprofit organization Special Olympics Hawaii. Directly benefit your child: Turn in federal survey cards. On Sept. 2, all public schools in the state of Hawaii will distribute Federal Impact Aid Program survey cards. The amount of Federal Impact Aid Hawaii receives is determined by the number of eligible cards parents complete and return to the school. Your participation is the only way to ensure Hawaii's Department of Education receives the proper amount of federal aid dollars. Your participation is critical to calculating the federal funds Hawaii receives to offset the cost of educating our students. Failure to return the survey card could result in the significant loss of federal funds that directly benefit your children. Col. Sean C. Killeen, Commanding Officer, MCB Hawaii
