

Provost Marshal's Office - MCBH

House Check Application

The Provost Marshal's Office's Crime Prevention Division in conjunction with Police Operations conducts house checks for residents that meet the requirements listed below upon request. House checks help with protecting property and the early detection of burglary, vandalism, and other crimes. A member of the Crime Prevention Division and/or a patrolman will conduct a drive-by and perimeter check of the residence. House checks do not guarantee that the residence will not fall victim to criminal activity and the Provost Marshal's Office, MCBH, assumes no liability.
