COURSE DESCRIPTION:

Situational awareness and job-specific training on why and how to comply with the laws protecting our environment and managing hazardous waste on MCBH properties. Individual Letters of Completion are issued to each student.

Topics covered: Natural/Cultural Resources, Environmental Management System (EMS) Compliance Assessments, Hazardous Waste (HW) management; Hazardous Material (HM) Minimization (HAZMIN) Center services; Storm Water Pollution Prevention; SPCC/Spill Prevention; Spill Response First Responder Awareness; Oil Water Separators; Recycling and Household HM Re-Use Room; CETEP Environmental Training Guide.

Complies with: Marine Corps Order (MCO) 5090.2, MCO 1200, and COMNAVAIRINST 4790 local installation training required for Environmental General Awareness and Job-Specific Training. Ensures personnel assigned job responsibilities with a significant impact on the environment receive appropriate environmental training.

INSTRUCTORS: MCBH Environmental Program Managers/Subject Matter Experts
