1. Safety

a. All hunters are strictly accountable for observing all reasonable and necessary safety precautions. In the use of bow and arrow, all persons hunting will be familiar with the handling and function of the bow they are using. Safety will be considered at all times while hunting. When objects unintended to be shot are hit, it is prima facie (based on what is known or seen when something is first considered or dealt with) evidence of a negligent discharge. Shooting at signs, into water, at solid objects, trees, structures, or vehicles is prima facie evidence of a careless act.

b. It is mandatory that anyone hunting from an elevated position (tree stand) utilize a safety harness. Tree stands are to be removed at the end of each day.

c. A bow with a nocked arrow is considered loaded, and should not be pointed in the direction of another individual, safety zones, or above the immediate horizon. NOTE: safety zones include all roads, fence-lines, adjacent private and government property, buildings, parking areas, streams and wetlands.

d. No shooting on or across roads or within areas designated as safety zones.

Sponsors are accountable for verifying that each person sponsored has been issued a current Hawaii hunting license and Base hunting permit prior to check in. A sponsor may take no more than two guests on an individual hunt. When sponsored or dependent persons have

their licenses suspended or revoked, the sponsors' licenses can be similarly suspended or revoked when negligent, unsupervised, contributory, instructional, or other culpable action by the sponsor can be shown.

APPENDIX B

MCTAB Security and Key Agreement

1. **BACKGROUND:** Security of MCTAB is of paramount importance. Access to MCTAB by legitimate hunters is a privilege. S-3, S-4, ECPD, and PMO have agreed to a program whereby hunter access can be accomplished by issuing keys to certain gates at MCTAB. Security must not be compromised. Therefore, any sportsman granted the trust of signing out a key for personal access must agree to the following:

a. The key will not be transferred to any other person or used for any purpose except to allow access for hunting. The key will not be duplicated. Sportsmen entering MCTAB have a responsibility to lock the main gate after they enter and when they exit. All gates will be secured at all times. Sportsmen who have signed out a key may provide access for properly licensed and permitted hunters. All hunters on MCTAB whether obtaining a key or not, must sign this form acknowledging that they have been briefed on harvest reporting, area availability, buffer zones, and contact information for checking in and checking out.

b. All keys will be returned to Base Range Control immediately at the end of the hunting weekend.

c. The sportsman will agree to surrender his/her hunting permit if the key is not returned as required. A key will not be reissued to those who do not check in their key.

2. I UNDERSTAND AND AGREE TO THE TERMS OF THIS AGREEMENT.
